MN05 Community Project Funding Request Form

Welcome to the MN05 CPF Request Form from the Office of Congresswoman Omar!

Completing and submitting this form is required for your project to be considered for funding. The deadline to submit this form is **5:59PM on Friday, March 17th**. Please note that this deadline is for *all* materials associated with your request, including documentation of community support (more info about this can be found at [the CPF page on my website](#)).

You will need to complete **only 10** sections of this form to submit your project: Sections 2-9 are general project information, Section 10 is your subcommittee/account selection, and the final section you complete will be supplemental questions specific to the subcommittee you chose. Due to how the Appropriations submission database is set up, some subcommittee-specific questions may be duplicative of previous questions -- feel free to copy/paste your previous answers for any repeated questions.

NOTE: throughout all sections of this form, any answers longer than 200 words will be cut off by the system; please ensure all of your answers are below 200 words before submitting.

As soon as you submit the form, your application is complete and eligible for consideration . There are no follow-up steps you need to take. When you submit this form a copy of your responses will automatically be sent to the email address you provide on this page which will serve as confirmation of your submission.

If you have questions about the form or the process, please visit [the CPF page on my website](#) to check the FAQ and FY24 CPF Guide that my office compiled. If your question is not addressed in the FAQ or Guide, please contact my District Office at mn05.cpf@mail.house.gov or (612) 333-1272.

PLEASE NOTE: This PDF includes ALL pages of the form, but you will not have to complete all of them for your application.

All applicants will complete Page 2 (Project Information) to Page 10 (Subcommittee Selection) and ONE page of Supplemental Questions (Pages 11-24).

Each account has different required Supplemental Questions - based on your Subcommittee Selection (Page 10), the form will automatically navigate to the corresponding Supplemental Questions (one of 13-24).

At the end of the Supplemental Questions for your chosen account, a blue Submit button will appear at the bottom of the page. By hitting this Submit button, your FY24 CPF Request through Rep. Omar's office will be complete.

* Required

NOTE: answers longer than 200 words will be cut off by the system; please ensure your answers are below 200 words before submitting.

1. Project Title *

    Please make your project title descriptive but brief. Good project titles can include a brief description of what the funds would be used for and the general area/population the project would serve. For example, "Hennepin Healthcare East Lake Clinic Rebuild Project".

    _____

2. General Description of the Project *

    NOTE: 200 words maximum
